classic pack 1. mortal kombat x classic pack 1

Ohhh, old times. Please make Scorpion and Johnny Cage's classic costume. Maybe you guys also can make Kung Lao, Ermac, Kitana and Mileena's (MKD) costume ;). I really like all the classic skins, but if they inly got classic Scorpion in there. Maybe some MK3 skins like in MK9 in the next DLC? Maybe even some Armageddon skins as well. Overall, this is a really good DLC. Classic Pack 1, These are the kind of skins people enjoy. Well designed, nostalgic, classic!. Ya this is cool, Kinda wish they had a scorpion or would like to see mk9 sonya. :). Like the old times !!! Love it. Simple and classic skins are my favourite. 10/10 on these remakes
