mxgp2 - the official motocross videogame compact

Game is amazing the only one bad thing is the driving system don't buy if you don't have a controller. Good Game, Would recommend having a controller to play. Best price and content V quality.. add playstation controls to game would be great. thank you

. This game runs like crap lags so bad need a jacksepticeye level computer to play

i dont know how it is because for some reason it wont run. A FEW LUMPS OF DATA ITS ABOUT CRAPP ALL STEAM
URE REP IS GOING DOWN THE PAN U DONT CARE ANYMORE
SO SAD

. Loved it , includes single gp and championship and all the riders V tracks and teams of the 2015 season.
Not the full game but provides a cheaper alternative to the full game.

Would maybe recommend playing using a controller.

<https://www.youtube.com/watch?v=lyxOBTgo06s..> This Game Suck's! And Steam Wont Give Me A Refund.
